

Vassar Diagnostics

Our promise to you

Vassar Diagnostics, a division of Vassar Brothers Medical Center, now part of Nuvance Health, is your community medical laboratory testing provider. Our dedicated team is ready to help you receive the medical testing requested by your physician with the accuracy and reliability you deserve. The majority of our testing is performed on-site, and we aim to provide same-day turnaround on many routine tests. With comprehensive insurance coverage, excellent customer service and leading-edge information technology, Vassar Diagnostics is proud to be your medical laboratory.

Local, personalized service

Your laboratory testing is our top priority. Our team consists of medical technicians, phlebotomists, pathologists, customer service representatives and other medical professionals. Together, we are committed to providing you and your physician with local access to laboratory testing, and conveniently located patient service centers.

Insurance coverage

Vassar Diagnostics accepts most insurance plans. Ask your representative for a complete list of participating insurance plans or visit healthquest.org/vassardiagnosticinsuranc

Five convenient locations
